**MEMO**

**To:** Teton County Board of Commissioners  
**From:** Hamilton Smith, Principal Planner  
**Date:** November 16, 2021  
**Subject:** S/D2021-0005, Request for Postponement Memo

The above-referenced application S/D2021-0005, by Jorgensen Associates, Inc on behalf of SRS Club, LLC, for a Partial Vacation Without Replat to vacate interior lot lines with the purpose to merge Lots 95, 98, 99, and 102 into Lot 116 of the Snake River Sporting Club 3rd Filing, Plat No. 1195, pursuant to Section 8.2.13.C.5. of the Land Development Regulations, is scheduled to be heard before the Board of County Commissioners on November 16, 2021. This application has received one applicant-requested postponement, from the August 17, 2021 agenda. At this time the applicant is seeking a permanent permit or easement agreement with the US Forest Service to address an important concern with the application raised by the County Surveyor.

Given the amount of time it takes to execute such an agreement with the Forest Service, Staff respectfully requests that the Board postpone this item to the Board of County Commissioners regularly scheduled hearing date of May 17, 2022.
