

THE **SEND IT** AND **DON'T SEND IT** OF RECYCLING:

# PLASTICS

## SEND IT

Correctly recycling plastics reduces what is sent to landfill and creates a more sustainable Jackson Hole!

✓ #1 and #2 bottles **ONLY**

✓ Fully rinsed and residue free containers

✓ Transparent ketchup and mustard containers

✓ Lids removed from bottles but ok to also place into the same recycling bin

✓ Place plastic bags and stretchy plastic film in a separate bin

OR CALL 733-7678 FOR MORE INFORMATION

## DON'T SEND IT

Please remove all food residue from recyclables. Doing so will prevent bacteria & insect infestation, ensure worker safety and keep valuable recyclables from becoming trash.

✗ #3-7 plastics

✗ Clamshells or other containers that are not bottle shaped

✗ Food or juice residue

✗ Cooking oil containers

✗ Opaque mustard or ketchup bottles

✗ Toothpaste or other tube-shaped containers

✗ Pesticide, herbicide or other hazardous waste containers. If empty, triple rinse and send to landfill. If remaining substance, contact 733-7678 for disposal appointment.
